Charmaine Here, "The Good One"

I've even got music from Michael Jackson! God says he had a split personality, and was unaware what was going on, until it was brought to his attention, disappointed that he died, but in a way is glad, He often comes around and pulls those faces at me and sings. [www.charmainesworld.com](http://www.charmainesworld.com) I have been asking The Candy Man Travers Beynon, to back my Invention, Steam Engine for cars, also books, the new age bible, Clairvoyants Manual and sing a couple of my songs "Something ain't quite right, Fella?" and smokes on credit. My Guides and I, hope to put the Smokes back on the market and fix the world debt. Check me out on my web. Know anybody with a Haunted House?, I am the expert. "I ain't afraid of no ghost." My House is D'arcy RD may be there is a movie about D'arcy Rd? Also next door is 608 and the other side that God says Satan lives in is 612 which makes it I think 666. NO wonder I smoke so heavily?

My Spiritual Teacher is Elvis Presley and God My Medium Teacher her Teacher was Nostradamus, because my Teacher was not chosen to be "The One" she set out for 25 yrs to do everything she could to destroy me and kill me? Even giving me a Haunted House for 25 yrs and stopping me from ever being successful and having killers after me by splashing my web with "Satan" to send mad nuts after me. I asked your brother to help me? As I felt as soon as I looked at him that he's been there himself, and knows exactly what needs to be done. Soon after, I believe my teacher was sorted out, And I think he was part of it, helping me too, So Thank You!

Look what you done now made a fool of yourself in public, once again. You took your hat off and nobody laughed or looked. It was a nice gesture, but wrong timing. You need not say anything but walk off. It's hard being in the Media, love. Calories are counted and clothing style looked at, but what you really need is a brand new look? And don't know what to do? A gay with earrings both sides will help you, and he will do something with your hair too. Rather stylish. looks great and you will be in the spot light once again I see those men dancing in those pants singing "Can't Touch this" The carols are singing at night for the little one and a dog by its side, very protective. It ain't your own its spiritual. Will be with child till the end! Black mailing bitch. Somebody has bitten off more than they can chew. They are going to sew you for every penny you got. Ignore it mate, their only bluffing "Say you won't get a bloody thing off of me" and slam the phone down. They will leave you alone. The mortgage will be paid in lump sum. Write a novel. The book will sell and your earnings will increase. Then write another like a cooking book, people will laugh, you will know what I mean down the track. It's a kids comic. Make you laugh too. You are an inspiration to your child. Tackle your Master, he ain't Reading you right. Say one thing and another. Can't read for shit! Needs a rest, rather frustrating! Say good bye to Teacher for a while. You need to do a recording with Kylie. Yes, she's got a song for you, may be 18 months down the track or so. She won't write you off as a fool. This will pay off handsomely. So look out for it, it's coming your way. Do a little Reading this summer, you will find

you have so much to talk about with your spouse. Ruby ring, with diamonds beautiful, says so much about the birth of your child. Well must go Charmaine

I think you getting dread locks, or something like that? A real big change, this will make your ego grow DON'T LOOK IN THE MIRROR when he's doing it. Look at the end result. Boring at first, then wow look at me, you will be so glad. And it paid off. Everybody wants to know you, and your wife is getting kinkier Mustache, yuck mate, but that's up to you. A Beard hides the person. You're have to do some Meditation by yourself for a while. Or you could get on skype and talk to Charmaine? She's honest. Buy her book, it's channeled by God and Nostradamus is her Teacher and Elvis. The book will change people's lives, and teaches them how to pray. etc. good for you to have. Elle Macpherson will take a bow in the end, ladies will come running and your wife will honor you. Trifle first, but you will get there in the end. Warrick Capper. Watch him Romeo. Just keep an eye on him. Nothing will happen mate, but he has a wondering eye. Just laugh and say "Yea Mate" He's got some business ideas. Too hard to swallow at the moment but all is coming together. See you in Broadway. bye

Kevin just an insight to let you know what is going on 25 years ago I went to a Medium Teacher, who told me about my future and that Elvis Presley was my Teacher, and in a trance she told me her Teacher was Nostradamus, and that she was to write The New Age Bible After she had taught me for a few months, she did not want to know me, I did not know why?, as I thought for many years after that we would have a path together. I would ring her now and again and tell her everything I was up too? 25 years later God comes on Board and tells me everything she has done to me over the years. e.g. I lived in Australia's worst

Haunted House, Demons attacking me every night for 25 years, with nobody to help me. Also 12 years ago I went to a Spiritual church and dropped my cigarettes, 3 times, they said that meant something, I also had the Spirit world telling me to give them up, and all my family , friends including the Entertainer that I have waited for, for 25 years, was having a go at me to give up my smokes. Well I did for 3 days, I lost my mind thought I was "Satan" and took an overdose. Size ten to size 22 over night, and 12 years later never have recovered. A few years ago I found out from God that my Teacher was so jealous of me and tried to do everything to stop me from being successful, Including not teaching me about "Spells and Protection" Telling me Elvis was my Guide and leaving me wide open, also sent the Demons to me, closed my Teachings down, and no matter how big I advertised, Radio \$30.000 advertisement in Yellow Pages, I would get no work. She also got me to give up my smokes knowing I would lose my mind and put a "Seed" in my head of "Satan. God removed "The Seed" last August, this brought Rapist and Killers to my door, two of them, at that time, there has been more. I had to go to my mother's for protection, and just got out of it by the skin of my teeth. I have now written to President Obama and President Clinton and you, I never have sleep at night because I am protecting myself from people that want me killed. Like tonight!!!!!!!!!!!!!! And all week!

This has made me realize if you take me on? You have a hell of a job protecting me and my family and everybody connected to me Hope you are up to the job.
